News From Your Town Hall

No discussion has been had recently concerning the parking lot for trucks in the quarters. Wonder when it will be finished?

The drafting of a plumbing ordinance for the use of the Town is in process with the help of local plumbers and Commissioner Van Landingham.

Considerable improvements are taking place in the quarters as a result of a drive by the Health Officer.

Clark Duteh Wallis reminds everyone that the County registration books are open in his office and will be until March 6th. If you haven't registered in the County get up there and make your mark. Over half of the people in the world can't register to vote—they're too busy fighting.

Homestead exemption blanks are in the hands of the Town Clerk. You can file both Town and County until April 1st.

\$13,500 In E Bonds Short Of Goal To Purchase Plane

With five days to go, the school needs \$13,500 in "E" Bonds in order to get the hospital plane which is its goal, at \$110,000.

The total sale for the area is \$202,000 with \$96,502 in E Bonds.

There are several purchases that have been made outside of Belle Glade for which we will get credit but the official credit has not been made so far.

On E Bonds the sale has been as follows: Florida National Bank 64,800; Ev. Fd. Sav. & Loan 7,200; Lake Harbor 10,025; Post Office B. G. 7,142; Chosen 3,025; South Bay 1,850; Belle Glade Theatre 1,200; Stamps 1,020.

Other bonds: Fla. National Bank 71,000; Ev. Fd. Sav. & Loan 35,000; Total 202,502.

Various committees are beginning to contact their members in an endeavor to secure additional purchases by those who have already bought, as well as to insure that this record, but we must not let up because we should go over our quota of \$110,000 for a hospital plane for the Glades schools.

LT. (jg) RUTH KNUTZEN

With more Navy WAVES urgently needed for hundreds of interesting Navy jobs, LT. (jg) Ruth Meyer Knutzen, head of WAVE recruiting in the area, and recruiting specialist WAVE Dolores A. Booher, are planning a series of trips throughout southern Florida during the month of February.

"If a young woman would like to have an call on her when we are in the vicinity of her home she should send a postal card addressed to me at the Navy Recruiting Station, West Palm Beach, Fla., giving me her address and suggesting the best time to call."

Paper Salvage Is Assured And Sales Guaranteed 6 Mo.

Baler Purchased For The Handling of Miscellaneous Waste Paper

Chairman Cliff Livingston of the Paper Salvage Committee of the Local Defense Council has completed arrangements through Commissioner Little Doe Van Landingham with the garbage department of the Town to collect waste paper.

Three school children under the guidance of Professor Hobson are bringing newspapers and magazines to school where they are tied in 100 pound bundles ready for loading into a car.

Waste paper will be bundled through Mr. Livingston's efforts with a baler which has already been shipped from Jacksonville, and cardboard and corrugated paper will also be bundled as it is collected.

The Defense Council will only take out of the proceeds of the sale enough money to pay for actual expenses in loading and baling the paper," said Mr. Livingston. "The balance of the proceeds, which should amount to quite a sizeable sum, will be turned over to the school, the Girl Scouts and similar local community organizations."

A contract has been made with a Jacksonville concern to take all the paper the community will gather up for a period of six months, the same as they have with the City of West Palm Beach.

The South Bay schools are collecting paper and the proceeds of their sales will be distributed by them to the several organizations collected there.

Under the agreement with the Town of Belle Glade, housewives will bundle separately from other garbage and trash all paper and the regular garbage trucks will collect this the same time as the garbage collection is made.

In the case of newspapers, they should be bundled in not less than 100 pounds and placed by the garbage can or box; magazines should be tied separately; general waste paper should be bundled either in strong bags, or wrapped up so that it is easily handled by the men on the trucks.

On Friday the Town will send around a special truck to gather paper from the stores, and this should be collected and kept in bags or in such shape as will facilitate the collecting and handling of it. Pastboard boxes should be split at the corners and folded and possibly tied.

The public is reminded: Bundle all papers—Not over 100 pounds; tie in bundles; Bundle magazines separately; Keep unprinted boxes separate from magazines and newspapers.

Miscellaneous paper should be bundled to itself. All proceeds will go to the benefit of the children of the community.

Ralph Blank Talks Post War Planning

Ralph Blank, Executive Secretary and Manager of the Palm Beach County Resources Board, talked to Rotarians last Friday concerning post war planning, the work of the County Board and especially as its plans affect the Glades.

Mr. Blank pointed out that the Board is financed by the County Commissioners and by coordinating efforts for federal, state and local building effort, throughout the County could be of inestimable aid to the several communities.

Migratory Hospital Receives Official Designation Of CD

The official designation of the Florida Farm Migratory Hospital as an Emergency Hospital is being received by Dr. Jacob Engle, Surgeon in Charge.

The certificate bears the signature of Geo. Baehr, Medical Chief of the Florida Emergency Medical Services of Civilian Defense.

The designation of this Hospital was officially made on August 15th, 1943 after a thorough investigation as to physical equipment and professional personnel.

This certificate is a tribute to the local institution. Dr. Ernest W. Riggs, of wide experience in religious educational work in Syria, Turkey and Greece will deliver three talks in the Glades Friday, February 11th, beginning at the Rotary Club at noon, then to the local High School from 2:35 to 3:00 and wind up the day at the Palmetto High School at 8 o'clock Friday night.

Dr. Riggs' educational, public Continued on page 4

Who's Who In High School Is Subject of Campaign

The Junior Class of our local High School have just completed a campaign which might be a political one in such shape as they charged for the votes five cents per card.

The only winner whose picture does not appear didn't get around to the photographer. A total of \$114.90 was realized and we were on the Junior Senior Banquet.

Who's Who was determined and the results are as follows: Prettiest Girl—Beverly Lutz, 1087 votes; runner up Dixie Poole 818 votes.

Most handsome boy—George Wedgworth, 1087 votes; runner up Charles Betner, 764 votes.

Best Girl Athlete—Dolly Rutledge, 1212 votes; runner up Bobby Eldon 798.

Wittiest Girl—Mary Kate Barwick, 1450 votes; runner up Maxine Walker, 513 votes.

Wittiest Boy—Barnes Creech, 1233 votes; runner up Elmer Kirehman, 769 votes.

Most Popular Girl—Aline Risk, 16 votes; runner up Norma Weeks, 106 votes.

Most Popular Boy—Benny Richmond, 2066 votes; runner up Steve Roberts, 766 votes.

Girl with best personality—Catherine Knight, 1324 votes; runner up Tammie Hobbs 808 votes.

Boy with best personality—Sonny Smith, 1102 votes; runner up Benny Richmond, 919 votes.

Best Boy Athlete—Shorty Shiver, 1255 votes; runner up Bobby Eldon 798.

Wittiest Girl—Mary Kate Barwick, 1450 votes; runner up Maxine Walker, 513 votes.

Wittiest Boy—Barnes Creech, 1233 votes; runner up Elmer Kirehman, 769 votes.

Most Popular Girl—Aline Risk, 16 votes; runner up Norma Weeks, 106 votes.

Most Popular Boy—Benny Richmond, 2066 votes; runner up Steve Roberts, 766 votes.

Girl with best personality—Catherine Knight, 1324 votes; runner up Tammie Hobbs 808 votes.

Boy with best personality—Sonny Smith, 1102 votes; runner up Benny Richmond, 919 votes.

Everglades Fair To Be Revived Here By Glades Legion

Joe Friedheim, Chairman of the Legion Fair Committee, announces that the Legion will stage a modified Everglades Fair here during the next few weeks.

"We feel," said Mr. Friedheim, "that with the abundance and variety of winter vegetables being grown in the Glades, we can make a very creditable showing without the major effort heretofore necessary, and especially for our own people."

The gas and tire situation precludes our appealing to the thousands on the coast and nearby communities but we should be able to have a showing to ourselves of our own efforts that will be creditable.

"We are able to secure the services of a major carnival which will afford ourselves and the children some diversion and lend them necessary atmosphere."

The date is not set, but it will be delayed as much as possible into the spring season.

Local organizations wishing to participate as before should contact Mr. Friedheim.

Tropical Heat Waves Indisposed With Colds No Dance Saturday

Due to the illness of Vee Brown's Tropical Heat Waves there will be no dance at the Country Club Saturday night.

According to Casper Van Landingham, a director of the Club, the management hopes to resume the usual Saturday night dances next week.

\$100,000 Less Value For Week's Shipment Than Previous Week

RATION DATAS

Sugar: Book 4, stamp 30 valid for 5 pounds through March 31. Stamp 40 valid for 5 pounds home canning thru Feb. 28. Gasoline: No. 9-A valid through May 3. Shoes: Stamp No. 15 in Book One good for 1 pair. Stamp No. 1 on the "airplane" sheet in Book Three, good for 1 pair. Meats, Fats: Brown stamps V, W, and X valid thru Feb. 26. Processed Foods: Stamps G, H, and I good thru Feb. 29, K, L, and M valid thru March 20.

Lettuce and Cabbage Take Bumps In Prices That Slow Up the Dollars

Cabbage led the toboggan in value this week with 104 cars, averaging seventy five cents for \$5 per cent U. S. 1's and \$100 for U. S. No. 1. Celery, with 95 cars, still brought about \$1000 a car while potatoes with 25 cars brought \$1500 per car. A total of 376 cars brought about \$100,000 less than last week's total shipment, giving the farmer boys only about \$400,000 for the week's harvest. Escalade has run into a slump and its only a matter of how low one can keep the losses. Mixed vegetables with a total of 88 cars and trucks still insure a wide distribution. The following are the figures for the week:

Table with 4 columns: Commodity, week, and two other columns. Rows include Beans, Cabbage, Celery, Chivory, Collards, Corn, Eggplant, Endive, Escarole, Lettuce, Mix. Veg., Peas, Potatoes, Radishes, Romaine, Rape.

I Want To Be STATE SUPERINTENDENT OF PUBLIC INSTRUCTION

Ocala, Feb. 10—Colm English, State Superintendent of Public Instruction, announced today that he will qualify for entry in the Democratic Primaries next May for re-election to the office he has served since 1937.

"It has been a privilege to have had a part in the educational advancement which has characterized the school program in Florida," Mr. English commented.

"Teachers, principals, trustees, county board members, county superintendents, members of the Legislature, professional and lay educational groups, the press, and the public have worked together wholeheartedly in improving Florida schools."

"Typical of the Department's administrative attainments is the recently announced saving of more than \$1,000,000 in the handling of free textbooks. Of all states furnishing free textbooks in grades 1 through 12, the state of such service is lower in Florida than in any other state."

"In cooperation with county school officials a net reduction of \$4,500,000 in outstanding indebtedness has been effected. This was in the face of the issuance of \$5,000,000 in new bonds from 1937 until Pearl Harbor, or a net reduction of \$9,500,000 in original obligations."

"Similarly the amount required for interest on school debts has been reduced approximately \$800,000 per year, or a total saving since 1937 of \$2,500,000 in interest."

"I shall pledge myself to continue working to provide the youth of Florida with educational opportunities as good as or better than any in the nation."

Assistant Fire Chief Arrives In Town

Though not able to leave his bed in the Chief's house, Charles Roger Will has recently arrived in Town from Old Hickory, Tennessee.

Through a spokesman Mr. Will assures the public that he will be able to take over his duties as partner in the Pioneer Service Station and Assistant Fire Chief at an early date.

The mother of the new business man, Mrs. Anne Will, accompanied her son here and will maintain a home for him, the father will probably be allowed room in the garage.

Rifle Club Shoot Sunday Afternoon

The Belle Glade Rifle and Pistol club is sponsoring a meet for all of its members Sunday to begin at 2:30 o'clock P. M. Those planning to enter the competition should register with A. J. Allands or E. H. Browning immediately.

All members of the West Palm Beach Club and were outstayed by 2601 with 2403 for Belle Glade, W. P. Risk, Frank Doolley, D. C. De Haven, Dick Hodges, D. D. Sheffer, V. A. Boots and V. L. Jones represented our club as a team. V. A. Boots received high score—the Belle Glade team shooting 3714x40.

In the open shooting meet on Sunday members may bring visitors. Accommodations at the range aren't the best, but if you shootin' you like come on out and take part—if you can't shoot—watch.

Remember, Sunday, shooting Glade Rifle Range just north of and prizes for all at the Belle Glade Country Club—first duty road right.

SERVICE MEN who FIGHT and WRITE

LT. JOHN A. DUNSCOMBE

special courses and upon graduating was assigned to her present station.

DON W. HERRIN "Received the papers and enjoyed them very much. You had no idea how nice it is to get the Herald, a small paper, but the most prominent, as far as I am concerned."

"I read in the Herald where I was in Sicily. I'm sorry if I led you to believe that I got hurt during the invasion of Sicily because I was injured in Africa, and it was a practice jump at that. I can't explain in detail. I was never in Sicily. I simply can't allow folks to think I've done so much, when really I've done so little. The only reason I've seen was here in Africa and it was bad enough here, I can assure you."

"Am still in the hospital with my back. The doctors have recommended that I be returned to the states. That will be nice but I would much rather have my back in good shape again."

"Please print a correction on the Sicily business. Regards to all."

LT. JOHN A. DUNSCOMBE Lieutenant Dunscombe is now stationed in Italy and writes that he has never at any time seen as much mud around Lake Okerechoe as there is there. John entered the service as a private and prior to his enlistment operated a filling station at South Bay.

SGT. H. LOCKMILLER Sergeant Harold Lockmiller writes from Desert Tent City, Camp Urmia, California: "Here it is Saturday evening sitting by the fire out here in the desert, and don't let anybody kid you that you don't need a fire either, because it does frost once in a while and I have seen ice here but not often. The days are quite cool also. You need a wool shirt on to half way stay comfortable during the day."

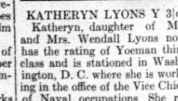

"After a year and three days I finally got another furlough and spent it in the good old Glades. It was nice to get back again after being away for over seven years. The biggest change

I noticed was the bridge and road change at the twenty mile bend and the draw bridge being gone at Belle Glade. I was quite surprised to see the trees along the road like they are. There was a lot of trees planted all when I left there. Of course it has built up and much more land under cultivation since 1936. There were very few of the young people that I knew much since I returned to camp and I haven't had any liberty since, and won't take any until we get closer to town. We are now 37 miles from the nearest town and that isn't much of a place."

"I enjoy the paper very much and do just as Don Herrin says he does, read every line."

JOHN HAWKINS Puerto Rico where he is in port: "Just a few lines to let you know of my change of address. I have been here for a few days now and it is not near as bad as it could be. The climate is sweet, just cool enough to be nice for

(Continued on page 3)

KATHRYN LYONS

Kathryn, daughter of Mr. and Mrs. Wendall Lyons now has the rating of Yeoman third class and is stationed in Washington, D. C. where she is working in the office of the Vice Chief of Naval Operations. She received her boat training at Hunter, N. Y. and was then transferred to Cedar Falls, Iowa for

Less Red Tape—More Food

To obtain maximum milk production the government should take steps to make more feed available to dairy farmers and to obtain a better distribution of such grain as is available. More farm machinery and supplies must be made available to dairy farmers. Farmers should also be assured enough gasoline and fuel oil for all needs. More gas should be made available to hired help on farms since social life is essential for farm help morale. Farmers should be relieved of needless restrictions and regulations. These include restrictions on repairs, on machinery, restrictions on purchases, restrictions on marketing that cause loss of product and all the other regulations that undermine the efforts and morale of farmers. Farmers are individuals, and as such have become the greatest food producers per man in the world.

Root Hog Or Die

"It is true that we must all eat in order to live, but it is also true that 'man cannot live by bread alone.' The man who places 'freedom from want' above 'freedom' should sell himself to a totalitarian government."

"Stimulated by the New Deal idea—it cannot be called philosophy—the people are nudging and crowding each other trying to get something for nothing like hogs at a trough. What will happen to them when the few with brains enough to mix the swill refuse to carry it to them? It will then be up to them to 'root hog or die.'" —Manu/facturers Record.

Dirty Business

The aid and comfort given our enemies by Axis agents who may destroy a unit of some industry, or by strikers who close whole industries, is the same except the strikers give infinitely more aid.

Strikes in 1943 almost doubled the average for the 15-year period preceding our entry into war, and totaled 3,737, or 13,947,273 man-days. It is difficult to understand the spirit that moves to such desertion of their posts of duty, often for the most trivial reasons, except there is no protection in this country for a man who wishes to work contrary to a strike order.

It's dirty business and no adequate excuse can be offered to our soldiers by either the striker or Washington for permitting such interruptions in the flow of war materials.

Need We Copy Europe?

Writing in the Wellington, Ohio, Enterprise, Mon-signor Maurice Griffin, of Cleveland, senior trustee of the American Hospital Association and vice-president of the Ohio Hospital Association, said:

"The Murray-Wagner bill... assails the inalienable rights of life, liberty and the pursuit of happiness as promised the people of this nation by their Constitution."

If this proposed document is passed—there will be a new character on the national scene—Uncle Sam, M. D., who will not only oblige doctors to sign on the dotted line to practice medicine according to the rules and regulations which he lays down and to accept the fee which he determines, but will tell you as people what doctor you may see, how many times you may see him and he in turn will tell you if such attention is necessary, what specialists you may see and how many times. Your life and the life of every member of your family would be in the hands of a medical czar and under the supervision of a medical board, run not by doctors but by politicians.

"Socialized medicine such as this bill clearly calls for, is not native to our land at all—it is a foreign product and was first brought to perfection by the German statesman Bismarck. This bill does not spring from our traditions nor from our public spirit...."

"Doctors have doubted the life span of the American people and have done more for their patients in service and equipment and in voluntary spirit than elsewhere in the world. Maintained as they are today, mostly by religious organizations, the hospitals represent the finest of the public spirit of America—they are from the people and they are for the people. Surely the people themselves have done so well on a purely voluntary basis that there is no need for government supervision...."

A Political Anomaly

The stock argument against taxing certain government activities has been that it would be like a man taking money out of one pocket and putting it in another. That argument may have been valid at one time—before government went into business in competition with private citizens. At present the nation is losing gigantic tax revenues because of the tax-exempt business enterprises of the Federal government, which are carried on at the expense of the heavily taxed general taxpayer in order that special consumer groups may be rendered special service.

A glaring illustration of this fact is contained in the following comment of G. C. Neff, President of the Wisconsin Power and Light Company: "Under our present laws, the customer of a Federal, state, or municipally-owned electric utility pays nothing for Federal taxes in his electric bill. In other words, the Federal government has forced the privately owned companies to collect Federal taxes from their customers,

LEAP YEAR STYLE NOTE—1944

but has exempted government owned utilities from collecting money for the payment of Federal taxes from the customers of such government owned utilities. The types of customers served by both groups are the same, the kind of property used to furnish the service is similar, and there is no.... reason why the customers of both groups should not be treated the same in this question of taxation....

".... The difference between the taxes actually paid by privately owned companies and what they would pay if they were taxed like government owned utilities is more than their total payroll."

It is a political anomaly that such an evil should exist at a time when the nation is desperately in need of revenue to pay for the war.

CINEMATIC CHATTER

By Malcolm Afflar

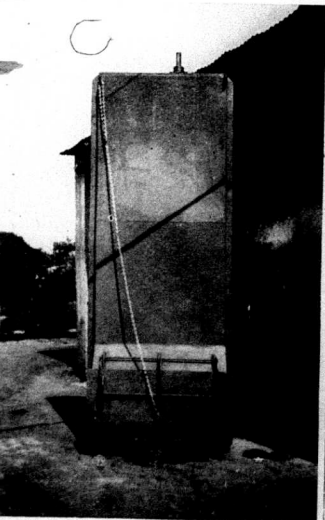

Now that you are reading, or have read, of the Jap treatment of war prisoners, you will be interested in seeing "Behind The Rising Sun," which was written by James R. Young, who spent 13 years in Tokyo, became a world correspondent and wrote so much of the truth about the Jap that he was thrown in jail.

Starring and featuring such well known players as Margo, Tom Neal, J. Carol Nash, Robert Ryan and Gloria Holden, the picture is a sensational expose of the actual brutality practiced by the "Sons of Heaven." You will get boiling mad at this picture, which is one show that every American should see.

Coming in Tuesday-Wednesday is one of the swiftest come-

Growers and Distributors To Hold Important Meet

A meeting of the National League of Wholesaler, Fresh Fruit and Vegetables Distributors will be held at the Lions Club in Pahokee on February 23 at 7:30 at which time the National President, Harold M. Busck, of Cincinnati, Ohio, will be the principal speaker. Also the National Secretary Joe Cavanaugh of Washington, D. C., and Dr. W. G. Meal, chief of the fresh fruit and vegetable branch of the War Food Administration, of Washington, D. C., will be present.

A major purpose of the meeting is to bring local members of this league into closer cooperation and further their understanding of new rulings and regulations.

LT. (jg) RUTH KNUTZEN (Continued From Page 1) time for such an interview," said LT. (jg) Knutzen.

Those who do not wish an interview, but would like more information about the WAVES can write to me at the same address for a copy of the WAVE booklet. The booklet, "The Story of You in Navy Blue," will give her a good idea of the work and life of the Navy WAVE.

LT. (jg) Knutzen outlined briefly the basic requirements for entrance in the WAVES. The age range for enlisted women is 20 to 36 and 20 to 50 for officers candidates. The applicant must have had two years of high school or business school to apply for enlisted rank, and at least two years of college, plus business experience, for officer training. She must be in sound health and able to pass the Navy physical examination. A married woman may join the WAVES if she has no children under 18 years of age and if her husband is not a Naval officer.

ACROSS FROM ROYAL'S

STATE PRESIDENT VISITS AUXILIARY

Mrs. E. F. Westfall, Department President of the State American Legion Auxiliary was guest speaker at the meeting of the local unit Thursday afternoon, "America on the Alert," being the keynote of her address.

She stressed the importance of doubling the present membership in order to build up sufficient manpower to carry on the enormous increase of work that will be necessary after the war.

Listing the various duties of the Auxiliary in war work, she said: "One of the most effective things we can do to fight inflation is to stop buying unnecessary articles. Make old things do or do without."

In her summary, she also emphasized the value of combating propaganda, particularly any off-color stories about women now in service.

Mrs. Richard R. Brown, 5th District President Department of Florida attended and talked briefly on work being done by the district.

The guests were presented with gifts by Mrs. William Allen, president. Miss Dolly Rutledge played two piano selections. Sandwiches and coffee were served by the hostesses, Mrs. Thomas Bregger, Mrs. Ralph Freeman, Mrs. Ethel Henderson, Mrs. J. R. Noller and Mrs. Bryant McLendon.

You'll be glad this neighbor asked you to Buy Bonds

ONE day soon, a neighbor may stop by to talk about the Fourth War Loan and the share your locality is expected to play in it. Or, he may talk at a War Bond rally at the high school. Chances are he'll ask if you'll buy more Bonds. Will you look on it as a request for a donation? Or will you look on it as an opportunity to build up the financial reserve every business-like farmer or rancher has to have to run his place profitably?

No need to tell you it takes money to run a war. No need to tell you it's your war, your liberty at stake. But we're all human and just a little bit given to "letting George do it." Only this time we're all George. We've got to do it! And in buying those Bonds, we're doing ourselves as big a service as we are our fighting men and our country. We're building strength—personal financial strength—with which to meet the inevitable problems of tomorrow.

Something Worth Buying

Maybe you have a son off at war. What a homecoming when he gets into his pants and you've both got those Bonds to fall back on for the machinery and equipment and buildings you'll be needing in the future. And how about the education you've promised yourself

you'd give your children? And that long vacation in the sunshine you and your wife have so long deserved? The only way to have these things is to save the money now. U. S. War Bonds are the safest and most liquid investment you can make for those future needs—needs worth providing for!

For Your Future • For Your Country's Future • For Your Children's Future
